

Hanson and Springwood Summer Camp.

We would like to take this opportunity to welcome you to the community of Hanson School. We all value your child's success and understand this can often be a daunting time for both your child and yourselves.

Taking this into consideration Hanson has partnered up with local Youth and Community Centres to offer a unique opportunity to assist your child in their successful transition into secondary school.

Last year's participants had a fantastic time and found the whole summer's experiences useful in making friends and learning new skills allowing them to start September with a positive attitude to the new challenge ahead.

Aims of the Camp:

To equip young people with the skills to start year 7 at Hanson School as happy and confident students, ready to learn, aware of how to seek help if needed and already have a group of friends they have built relationships with and having had a great summer holiday.
