

Dear Parent/Guardian,

Help your child to explore their future

As part of our commitment to prepare students at Hanson for a rapidly changing world, we are delighted to announce that we are using an innovative online resource called **Start**.

Start will help your child to connect with their future career potential, develop their employability and help them to explore future career and study options at school or at home.

How should my child use it?

We have created **Start** accounts for students and are accessible anytime on computers, mobile devices and tablet devices.

The student accounts are as follows;

Username: han..... (Hanson student number on lanyard)

Password: password

Your child will personalise their profile on **Start** with details about their skills, qualities, interests and work preferences. This provides a starting point for them to explore information matched to their personal preferences and interests. As they participate in the Hanson Careers Programme and update their profile, **Start** will personalise student information, helping them to navigate the thousands of jobs, courses, providers and opportunities available. **Start** will help students to understand where they are on their journey and what's important as they make their choices at GCSE, post-16 and post-18.

We encourage you to use **Start** with your child at home. Encourage them to rate jobs, qualifications, colleges or universities so that we can see their preferences in order to support them better. It would also be useful to check what career activities your child is participating in school by looking at the Hanson Careers Programme on our website. The key themes and transitions in the Careers Programme can be seen below;

Year 7: Career Exploration

Year 8: GCSE Options

Year 9: Employability Skills

Year 10: Employability Skills & Work Experience

Year 11: Post 16 Options

What if I want to use Start myself?

Parents can also use **Start** to find out more about jobs, training and study opportunities for yourself. Please do not log in using your child's user details and instead register yourself using the steps outlined below, creating your own username and password.

For more information on **Start** or the support available for your son or daughter, please contact Mr. A Swaine
